## WHY BECOME A CONNECT PARTNER?

Interested in enabling your customers to continue working and emailing if the unforeseen happens? Connect's unique range of Business Continuity services have been specifically designed for the SME market to offer complete peace of mind.

---

### Business Continuity - without breaking the bank

Connect has developed a unique range of Business Continuity services designed for small and mid sized enterprises. For a fixed monthly fee, you can ensure that all your customers have instant access to their vital files and can keep working if the worst happens.

Connect's commission rates are among the highest in the market – with low prices for your customers. Prices start from as little as £5 a month. Our solutions are simple to administer and are designed to be branded with your own logo.

Our Partners receive the highest level of support, with a dedicated team of engineers and their own account manager. There is a marketing fund and literature plus a comprehensive Partner Portal. Partners signing up more than 5 customers can store their own company data free of charge.

### What services does Connect offer?

> **Online Backup - not just a data store.** Connect's Online Backup lets your customers automatically store all data, files and emails to secure UK based data centres. Deleted or corrupted files can be retrieved instantly online – and entire servers can be restored within hours. Better still, if your customer's servers go down, they can continue working directly on their backup files over the internet without interruption. We can also host individual applications or servers for a fixed monthly fee to ensure that your customers benefit from the security and accessibility of hosted solutions.

> **Email Continuity and Protection** - guarantees 24/7 access to email. If your customer's email server has a problem, your customers can instantly logon and continue to send and receive emails. Email Continuity provides immediate access to email for the last 30 days - or longer if required. We also scan incoming mail for viruses and malware to protect your network.

---

### Why choose Connect?

Connect is one of the UK's leading Business Continuity specialists, with more than 400 clients across the UK. Based at Canary Wharf, our team of engineers has been helping develop innovative solutions since 1993. Our reseller support team can provide you with the technical expertise to help you keep your client's working 24/7.
